**Mergi in directia pietei, lasa-te ghidat de ea
Nu incerca niciodata sa-i schimbi cursul.**

20 Februarie 2012

Traderul trebuie sa urmareasca in mod constant conditiile in care evolueaza piata, conditii care pot valida sau invalida estimarile facute in prezentul raport. Rezultatele studiilor de mai jos reprezinta estimari derivate din studii tehnice cu probabilitate mare de succes, dar nu sunt exacte in proportie de 100%. Ele pot fi re-analizate iar rezultatul final poate fi influentat de diverse evenimente. Un trader experimentat actioneaza intotdeauna tinand seama de directia pietei, nu doar de estimarile raportului.

Strategia pe care o folosim recomanda in primul rand o analiza top-down a pietei inaintea altor proceduri. In opinia noastra analiza de tipul Cash Index este mai sugestiva decat analiza de tipul Futures Index. Totusi, avand in vedere preferintele de tranzactionare a instrumentelor Futures, vom folosi de fiecare data genul de analiza adecvat fiecarui instrument tranzactionat.

+++ Orice INTREBARE legata de acest RAPORT va primi un raspuns rapid si gratuit!

Oracolul din Omaha prezice:

“Trebuie sa-ti fie frica atunci cand unii sunt lacomi, si fii lacom atunci cand unora le este frica”

Despre Dr-ul Mircea Dologa:

Emil: mircdologa@yahoo.com

El si-a inceput activitatea de investitor si trader in 1987, in industria farmaceutica si cea imobiliara. Dupa promovarea examenelor aferente (*Series 7 si Series 3*), care sunt sub controlul guvernului Statelor Unite, el obtine cele doua licente indispensabile pentru tranzactionare: *Registered Commodity Trading Adviser (CTA) Licence* si *Registered General Securities Representative - Investment Adviser Licence*. In timpul studiului personal a realizat ca literatura de specialitate si seminariile sufera de o lipsa pronuntata de instrumentelor de utilitate practica, adica adevaratul 'know how'. Dupa studiul a sutelor de carti si numeroase seminarii, aparea aceeaasi intrebare: *Unde este unealta profitabila, imediat aplicabila?* De multe ori, dincolo de informatia standard... nu se gasea nimic util!

Ca Analist Tehnic Certificat (CTA) de National Futures Association din S.U.A., a fondat un *nou concept de predare*, bazat pe aspectele practice ale activitatii imediat profitabile de tranzactionare, ce poate fi utilizat atat de incepatori cat si de traderi experimentati.

Este autorul a mai mult de 50 de articole si este colaborator international al revistelor de specialitate din SUA ('*Technical Analysis of Stocks & Commodities*', '*Futures*' and '*eSignal.com Education Section*'); Marea Britanie ('*The Technical Analyst*'); Germania ('*Traders*' – editiile in limba Engleza si Germana); Australia ('*Your Trading Edge*') si Asia ('*The Trader's Journal*'). Este de asemenea fondatorul si presedintele www.pitchforktrader.com – un site specializat de tranzactionare.

Dr Mircea Dologa a publicat trei volume, continand peste 1224 pagini, 1560 grafice si 44 fisiere Excel, in incercarea sa de a preda in mod eficient arta tranzactionarii de la nivel de incepator pana la standardul actual cel mai inalt – nivelul profesionist. Grija principala a autorului in timpul celor trei ani de planificare, concepere si scriere a acestor manuale profesionale de trading a fost aceea de a dezvalui in cel mai optim mod, aspectele practice imediat profitabile ale tranzactionarii.

Dr Mircea Dologa a studiat la New York University si Cooper Union School of Engineering and Science din New York si a absolvit cea din urma institutie cu titlul de Licentiat in Fizica Teoretica. A obtinut titlul de Doctor in Stiinte Medicale la Facultatea de Medicina din Paris. De asemenea a urmat cursurile de Master in Finante si Administrarea Afacerilor din cadrul Universitatii South Carolina din Columbia si ale Universitatii Franceze de Afaceri si Finante (HEC Paris, Franta). Dupa ce a activat o perioada indelungata ca Director Medical si ulterior General Manager, in 1992 a decis sa se concentreze in mod exclusiv asupra propriilor investitii si s-a lansat in tranzactionarea pietelor financiare. In prezent locuieste in Paris, Franta, impreuna cu sotia si cele doua fice.

Zi de zi Dr-ul Mircea Dologa practica profesia de:

Trader, Profesor (incl. Mentor), Consilier Financiar, Cercetator in Finante si Autor.
